Instructions

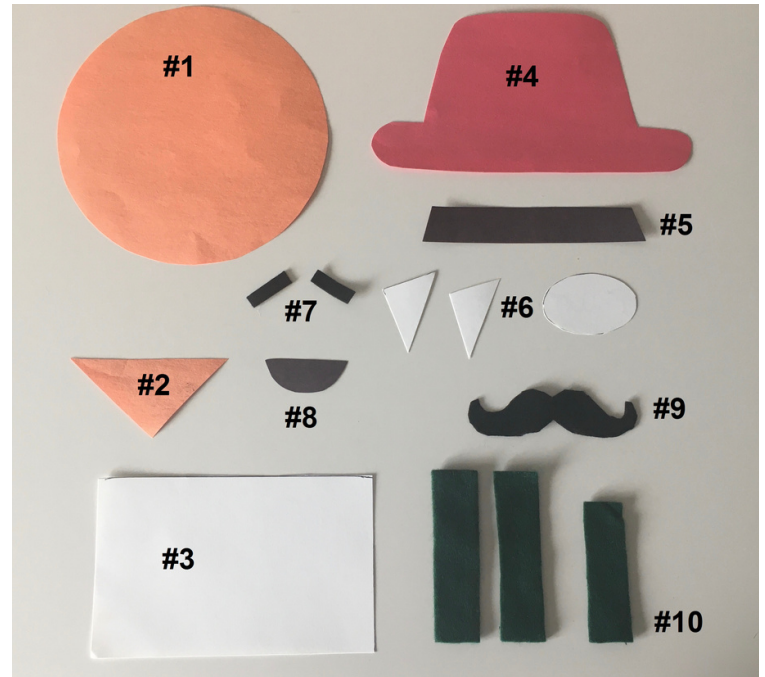

Step 1:

Prepare your Onkel Hans pieces! See below for each piece in the corresponding photo

1. Using the plate, trace and cut out a circle from the orange paper for the head
2. Cut a 3" Equilateral triangle from the orange paper for his neck
3. Take the white paper and cut a rectangle, approx. 6" x 3.5" for his shirt
4. Cut a hat shape out of the red paper
5. Cut a black paper band to go on the hat
6. Using the white paper, cut an oval for his hat and 2 triangles for his shirt collar
7. Take the black felt and cut out his eyebrows – ours are approx. 1" x 0.25"

8. Cut a mouth shape from the black paper
9. Cut a moustache from the black felt – freehand it or use a template from online!
10. Out of the green felt, cut two (2) 3.5” x 1.0” rectangles and one (1) 3.0” x 1.0” rectangles

*Note: You can also draw on Onkel Hans’ eyes/eyebrows/mouth/moustache/nose with markers!

Step 2: Assemble Hans!

1. Glue the triangle to the back of the head
2. Attached the white rectangle to the tip of the triangle. Glue the green felt in the shape of lederhosen straps
3. Glue on his shirt collar and buttons!

Let’s start Hans’ face

1. Glue the mouth, moustache and pom-pom for his nose
2. Next, glue the eyes and eyebrows
3. For his hat, glue the black band across the hat base. Take the white oval and write “PROSIT” then, glue it on top of the black band. Add a feather and glue the hat to the head
4. Lastly, flip him over carefully. Use the glue gun to glue the plate to the back of his head. Then add your popsicle stick or skewer to the plate. Let it dry.
